Polyclonal Rabbit anti-Human Carboxylesterase 1 / CES1 Antibody (Biotin, aa33-82, WB) LS-C442891 LS-C442891-100

Artikelname	Polyclonal Rabbit anti-Human Carboxylesterase 1 / CES1 Antibody (Biotin, aa33-82, WB) LS-C442891
Artikelnummer	LS-C442891-100
Hersteller Artikelnummer	LS-C442891-100
Alternativnummer	LS-C442891-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Canine, Guinea pig, Human, Monkey, Primate, Rat
Immunogen	Synthetic peptide located between aa33-82 of human CES1 (P23141, NP_001020365). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Monkey (100%), Orangutan, Mouse, Rabbit (92%), Marmoset, Rat, Elephant, Panda, Dog, Cat, Bovine, Pig, Guinea pig,
Konjugation	Biotin
Produktbeschreibung	CES1 antibody LS-C442891 is a biotin-conjugated rabbit polyclonal antibody to CES1 (Carboxylesterase 1) (aa33-82) from human. It is reactive with human, rat, bovine and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	1066
Puffer	PBS
Reinheit	Protein A purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
