Polyclonal Rabbit anti-Mouse SLC26A2 Antibody (Biotin, aa635-684, WB) LS-C445069 LS-C445069-100

Artikelname	Polyclonal Rabbit anti-Mouse SLC26A2 Antibody (Biotin, aa635-684, WB) LS-C445069
Artikelnummer	LS-C445069-100
Hersteller Artikelnummer	LS-C445069-100
Alternativnummer	LS-C445069-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bat, Bovine, Canine, Equine, Human, Monkey, Mouse, Primate, Rat, Sheep
Immunogen	Synthetic peptide located between aa635-684 of mouse Slc26a2 (Q62273, NP_031911). Percent identity by BLAST analysis: Human, Gorilla, Gibbon, Marmoset, Mouse, Rat, Sheep, Panda, Dog, Bovine, Bat, Horse (100%), Guinea pig (92%), Galago, Rabbit (85%), Opos
Konjugation	Biotin
Produktbeschreibung	SLC26A2 antibody LS-C445069 is a biotin-conjugated rabbit polyclonal antibody to SLC26A2 (aa635-684) from mouse. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal

Konzentration	1 mg/ml
NCBI	1836
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
