Polyclonal Rabbit anti-Rat GCD / GCDH Antibody (Biotin, aa360-409, WB) LS-C445317 LS-C445317-100

Artikelname	Polyclonal Rabbit anti-Rat GCD / GCDH Antibody (Biotin, aa360-409, WB) LS-C445317
Artikelnummer	LS-C445317-100
Hersteller Artikelnummer	LS-C445317-100
Alternativnummer	LS-C445317-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Guinea pig, Human, Monkey, Porcine, Primate, Rat
Immunogen	Synthetic peptide located between aa360-409 of rat Gcdh (D3ZT90, NP_001102366). Percent identity by BLAST analysis: Human, Gorilla, Orangutan, Gibbon, Monkey, Galago, Marmoset, Rat, Bovine (100%), Mouse, Panda, Dog, Bat, Rabbit, Horse, Opossum (92%), Ele
Konjugation	Biotin
Produktbeschreibung	GCDH antibody LS-C445317 is a biotin-conjugated rabbit polyclonal antibody to GCDH (GCD) (aa360-409) from rat. It is reactive with human, rat, bovine and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	2639
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
