Polyclonal Rabbit anti-Human SLC25A20 / CACT Antibody (Biotin, aa143-192, WB) LS-C445517 LS-C445517-100

Artikelname	Polyclonal Rabbit anti-Human SLC25A20 / CACT Antibody (Biotin, aa143-192, WB) LS-C445517
Artikelnummer	LS-C445517-100
Hersteller Artikelnummer	LS-C445517-100
Alternativnummer	LS-C445517-100
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Bovine, Hamster, Human, Monkey, Mouse, Primate, Rat, Sheep
Immunogen	Synthetic peptide located between aa143-192 of human SLC25A20 (O43772, NP_000378). Percent identity by BLAST analysis: Human, Chimpanzee, Gorilla, Orangutan, Gibbon, Monkey, Marmoset, Mouse, Rat, Hamster (100%), Galago, Dog, Guinea pig (92%), Sheep, Bat,
Konjugation	Biotin
Produktbeschreibung	CACT antibody LS-C445517 is a biotin-conjugated rabbit polyclonal antibody to CACT (SLC25A20) (aa143-192) from human. It is reactive with human, mouse, rat and other species. Validated for WB....
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	788
Puffer	PBS
Reinheit	Immunoaffinity purified
Formulierung	PBS
Application Verdünnung	WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
