| Produktbeschreibung      | TCP1 antibody LS-B14875 is an unconjugated rabbit polyclonal antibody to TCP1 from human. It is reactive with human, mouse and rat. Validated for IF, IHC and WB. Tested on 20 paraffin-embedded human tissues....                                                          |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                  |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Konzentration          | 0.44 mg/ml                                                                  |
| NCBI                   | <a href="#">6950</a>                                                        |
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                               |
| Reinheit               | Affinity purified                                                           |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                               |
| Application Verdünnung | IF (1:50 - 1:200), IHC (1:50 - 1:200), IHC-P (1:200), WB (1:500 - 1:2000)   |
| Anwendungsbeschreibung | The predicted MW is 60kDa, while the observed MW by Western blot was 60kDa. |
