| Hersteller               | LifeSpan Biosciences                                                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                            |
| Applikation              | ELISA, IF, IHC, IHC-P, WB                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                 |
| Immunogen                | SH3BP5 (NP_004835, 4 aa ~ 113 aa) partial recombinant protein<br>with GST tag. MW of the GST tag alone is 26 KDa.                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                                          |
| Produktbeschreibung      | SAB antibody LS-B4485 is an unconjugated mouse monoclonal<br>antibody to human SAB (SH3BP5). Validated for ELISA, IF, IHC and<br>WB. Tested on 20 paraffin-embedded human tissues.... |
| Klonalität               | Monoclonal                                                                                                                                                                            |
| Klon-Bezeichnung         | [2B3]                                                                                                                                                                                 |
| NCBI                     | <a href="#">9467</a>                                                                                                                                                                  |

|                        |                                                                                                                                                                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | PBS, pH 7.4                                                                                                                                                                                                                                                                               |
| Reinheit               | Purified from ascites by Protein A                                                                                                                                                                                                                                                        |
| Formulierung           | PBS, pH 7.4                                                                                                                                                                                                                                                                               |
| Application Verdünnung | ELISA, IF (10 µg/ml), IHC, IHC-P (5 µg/ml), WB                                                                                                                                                                                                                                            |
| Anwendungsbeschreibung | <p>Western Blot (Cell lysate) - positive control A-431.</p> <p>Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections, 1 ug/ml) - positive control human colon adenocarcinoma.</p> <p>Immunofluorescence (10 ug/ml) - positive control HeLa cells.</p> <p>Sandwich ELISA</p> |
