| Alternativnummer         | LS-C112748-100                                                                                                                                                                                                  |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                            |
| Wirt                     | Goat                                                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                                                      |
| Applikation              | ELISA, IF                                                                                                                                                                                                       |
| Spezies Reaktivität      | Canine, Equine, Gallus, Hamster, Human, Monkey, Mouse, Porcine, Rabbit, Rat                                                                                                                                     |
| Immunogen                | Peptide with sequence C-KVKQETVEPMDP, from the C-Terminus of protein sequence according to NP_001189.2NP_878911.1.                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                    |
| Produktbeschreibung      | PRDM1 antibody LS-C112748 is an unconjugated goat polyclonal antibody to PRDM1 (BLIMP1) (aa778-789) from human. It is reactive with human, mouse, rat and other species. Validated for IF and Peptide-ELISA.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                      |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                       |

|                        |                                                                                                                                                                                                                                                                |

| NCBI                   | <a href="#">639</a>                                                                                                                                                                                                                                            |
| Puffer                 | TBS, pH 7.3, 0.02% Sodium Azide, 0.5% BSA                                                                                                                                                                                                                      |
| Reinheit               | Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide.                                                                                                                          |
| Formulierung           | TBS, pH 7.3, 0.02% Sodium Azide, 0.5% BSA                                                                                                                                                                                                                      |
| Application Verdünnung | IF (10 µg/ml), Peptide-ELISA (1:32000)                                                                                                                                                                                                                         |
| Anwendungsbeschreibung | Peptide ELISA: antibody detection limit dilution 1:2000. Western blot: Approx 100kDa band observed in Human Brain (cerebellum) lysates (calculated MW of 91.8kDa according to NP_001189.2 and of 76.8 according to NP_878911.1). Recommended concentration: 1- |
