| Artikelname              | Polyclonal Rabbit anti-Human GLP2R Antibody (WB) LS-C113033                                                            |
| Artikelnummer            | LS-C113033-100                                                                                                         |
| Hersteller Artikelnummer | LS-C113033-100                                                                                                         |
| Alternativnummer         | LS-C113033-100                                                                                                         |
| Hersteller               | LifeSpan Biosciences                                                                                                   |
| Wirt                     | Rabbit                                                                                                                 |
| Kategorie                | Antikörper                                                                                                             |
| Applikation              | ELISA, WB                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                  |
| Immunogen                | 20 AA peptide of human GLP2R. Location: Mid-region, Cytoplasmic.<br>Species Sequence Homology: Mouse - 85%, Rat - 75%. |
| Konjugation              | Unconjugated                                                                                                           |
| Produktbeschreibung      | GLP2R antibody LS-C113033 is an unconjugated rabbit polyclonal antibody to human GLP2R. Validated for ELISA and WB.... |
| Klonalität               | Polyclonal                                                                                                             |
| NCBI                     | <a href="#">9340</a>                                                                                                   |
| Puffer                   | PBS, pH 7.2, 0.1% Sodium Azide, 40% Glycerol                                                                           |
| Reinheit                 | Immunoaffinity purified                                                                                                |
| Formulierung             | PBS, pH 7.2, 0.1% Sodium Azide, 40% Glycerol                                                                           |

|                        |                                             |
|------------------------|---------------------------------------------|
| Application Verdünnung | ELISA, WB                                   |
| Anwendungsbeschreibung | Suitable for use in Western Blot and ELISA. |
