Monoclonal Mouse anti-Rat SLC9A3 / NHE3 Antibody (clone 10A8, Biotin, phospho-Ser605, IF, WB) LS-C141779 LS-C141779-0.1

Artikelname	Monoclonal Mouse anti-Rat SLC9A3 / NHE3 Antibody (clone 10A8, Biotin, phospho-Ser605, IF, WB) LS-C141779
Artikelnummer	LS-C141779-0.1
Hersteller Artikelnummer	LS-C141779-0.1
Alternativnummer	LS-C141779-0.1
Hersteller	LifeSpan Biosciences
Wirt	Mouse
Kategorie	Antikörper
Applikation	ICC, IF, IP, WB
Spezies Reaktivität	Mouse, Opossum, Primate, Rabbit, Rat
Immunogen	Synthetic peptide made to a region surrounding the Serine 605 portion of the rat protein
Konjugation	Biotin
Produktbeschreibung	NHE3 antibody LS-C141779 is a biotin-conjugated mouse monoclonal antibody to NHE3 (SLC9A3) (pSer605) from rat. It is reactive with mouse, rat, opossum and other species. Validated for ICC, IF, IP and WB....
Klonalität	Monoclonal
Klon-Bezeichnung	[10A8]

Isotyp	IgG2b
NCBI	6550
Puffer	PBS, 0.05% Sodium Azide
Reinheit	Protein G purified
Formulierung	PBS, 0.05% Sodium Azide
Application Verdünnung	ICC, IF (1:20), IP, WB (1:1000)
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
