| Hersteller Artikelnummer | LS-C150332-100                                                                                                                                                      |
| Alternativnummer         | LS-C150332-100                                                                                                                                                      |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                          |
| Applikation              | WB                                                                                                                                                                  |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                          |
| Immunogen                | Peptide corresponding to amino acid residues from the C-Terminus of rat stargazin, conjugated to keyhole limpet hemocyanin (KLH).                                   |
| Konjugation              | Unconjugated                                                                                                                                                        |
| Produktbeschreibung      | Stargazin antibody LS-C150332 is an unconjugated rabbit polyclonal antibody to Stargazin (CACNG2) from rat. It is reactive with mouse and rat. Validated for WB.... |
| Klonalität               | Polyclonal                                                                                                                                                          |
| NCBI                     | <a href="#">10369</a>                                                                                                                                               |
| Puffer                   | 10 mM HEPES, pH 7.5, 150 mM NaCl, 50% Glycerol, 100 ug/ml BSA                                                                                                       |

|                        |                                                               |
|------------------------|---------------------------------------------------------------|
| Reinheit               | Affinity purified                                             |
| Formulierung           | 10 mM HEPES, pH 7.5, 150 mM NaCl, 50% Glycerol, 100 ug/ml BSA |
| Application Verdünnung | WB (1:1000)                                                   |
| Anwendungsbeschreibung | WB (1:1000)                                                   |
