| Alternativnummer         | LS-C185644-100                                                                                                                                                                                      |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                                          |
| Applikation              | ICC, IHC, IHC-P, IP, WB                                                                                                                                                                             |
| Spezies Reaktivität      | Bovine, Human, Monkey                                                                                                                                                                               |
| Immunogen                | Carrier-protein conjugated synthetic peptide encompassing a sequence within the C-terminus region of human MAD2L1. The exact sequence is proprietary.                                               |
| Konjugation              | Unconjugated                                                                                                                                                                                        |
| Produktbeschreibung      | MAD2 antibody LS-C185644 is an unconjugated rabbit polyclonal antibody to MAD2 (MAD2L1) (aa142-205) from human. It is reactive with human, bovine and monkey. Validated for ICC, IHC, IP and WB.... |
| Klonalität               | Polyclonal                                                                                                                                                                                          |
| Konzentration            | 1 mg/ml                                                                                                                                                                                             |

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">4085</a>                                                                                                      |
| Puffer                 | 1X PBS, pH 7, 0.01% Thimerosal, 40% Glycerol                                                                              |
| Reinheit               | Immunoaffinity purified                                                                                                   |
| Formulierung           | 1X PBS, pH 7, 0.01% Thimerosal, 40% Glycerol                                                                              |
| Application Verdünnung | ICC (1:100 - 1:1000), IHC, IHC-P (1:100 - 1:1000), IP, WB (1:500 - 1:3000)                                                |
| Anwendungsbeschreibung | IHC-paraffin: Suggested antigen retrieval using heat mediated 10 mM Citrate buffer (pH 6.0) or Tris-EDTA buffer (pH 8.0). |
