Polyclonal Rabbit anti-Penicillium citrinum Nuclease P1 Antibody (Biotin, WB) LS-C191538 LS-C191538-1

Artikelname	Polyclonal Rabbit anti-Penicillium citrinum Nuclease P1 Antibody (Biotin, WB) LS-C191538
Artikelnummer	LS-C191538-1
Hersteller Artikelnummer	LS-C191538-1
Alternativnummer	LS-C191538-1
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	ELISA, ID, IEP, WB
Spezies Reaktivität	Algae, Fungi
Immunogen	Nuclease P1 isolated and purified from Penicillium citrinum.
Konjugation	Biotin
Produktbeschreibung	Nuclease P1 antibody LS-C191538 is a biotin-conjugated rabbit polyclonal antibody to Nuclease P1 from penicillium citrinum. It is reactive with penicillium and penicillium citrinum. Validated for ELISA, ID, IE, Inhb and WB....
Klonalität	Polyclonal
Puffer	Lyophilized from PBS, pH 7.2, No preservatives added
Reinheit	Purified

Formulierung	Lyophilized from PBS, pH 7.2, No preservatives added
Application Verdünnung	ELISA, ID, IE, Inhb, WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
