## Product Datasheet

### **Polyclonal Rabbit anti-Human AMY2A / Pancreatic Amylase Antibody (Biotin, aa484-511, IF, WB) LS-C232629 LS-C232629-200**

Artikelname	Polyclonal Rabbit anti-Human AMY2A / Pancreatic Amylase Antibody (Biotin, aa484-511, IF, WB) LS-C232629
Artikelnummer	LS-C232629-200
Hersteller Artikelnummer	LS-C232629-200
Alternativnummer	LS-C232629-200
Hersteller	LifeSpan Biosciences
Wirt	Rabbit
Kategorie	Antikörper
Applikation	ELISA, ICC, IF, WB
Spezies Reaktivität	Human, Mouse
Konjugation	Biotin
Produktbeschreibung	Pancreatic Amylase antibody LS-C232629 is a biotin-conjugated rabbit polyclonal antibody to Pancreatic Amylase (AMY2A) (aa484-511) from human. It is reactive with human and mouse. Validated for ELISA, ICC, IF and WB....
Klonalität	Polyclonal
NCBI	<a href="#">279</a>
Puffer	PBS, No preservatives added
Reinheit	Affinity purified

Formulierung	PBS, No preservatives added
Application Verdünnung	ELISA, ICC, IF, WB
Anwendungsbeschreibung	The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested.
