| Alternativnummer         | LS-C829606-200                                                                                                                                      |
| Hersteller               | LifeSpan Biosciences                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                          |
| Applikation              | ELISA, IHC, WB                                                                                                                                      |
| Spezies Reaktivität      | Virus                                                                                                                                               |
| Immunogen                | Heat inactivated influenza virus HA (split viron)                                                                                                   |
| Konjugation              | Unconjugated                                                                                                                                        |
| Produktbeschreibung      | HA antibody LS-C829606 is an unconjugated rabbit-new zealand white polyclonal antibody to influenza a virus HA. Validated for ELISA, IHC and WB.... |
| Klonalität               | Polyclonal                                                                                                                                          |
| Puffer                   | Lyophilized. Whole Serum.                                                                                                                           |
| Formulierung             | Lyophilized. Whole Serum.                                                                                                                           |

|                        |                                                                   |
|------------------------|-------------------------------------------------------------------|
| Application Verdünnung | ELISA (1:300 - 1:2000), IHC (1:300 - 1:2000), WB (1:300 - 1:2000) |
| Anwendungsbeschreibung | Applications should be user optimized.                            |
