### Monoclonal Mouse anti-Human RELA / NFkB p65 Antibody (Biotin, aa526-539, WB) LS-C9294 LS-C9294-100

Artikelname	Monoclonal Mouse anti-Human RELA / NFkB p65 Antibody (Biotin, aa526-539, WB) LS-C9294
Artikelnummer	LS-C9294-100
Hersteller Artikelnummer	LS-C9294-100
Alternativnummer	LS-C9294-100
Hersteller	LifeSpan Biosciences
Wirt	Mouse
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Human, Mouse
Immunogen	Synthetic peptide corresponding to amino acids 526-539 of human NF-kB (p65) protein.
Konjugation	Biotin
Produktbeschreibung	NFkB p65 antibody LS-C9294 is a biotin-conjugated mouse monoclonal antibody to NFkB p65 (RELA) (aa526-539) from human. It is reactive with human and mouse. Validated for WB....
Klonalität	Monoclonal
NCBI	<a href="#">5970</a>
Puffer	PBS, 0.05% Sodium Azide

Reinheit	Protein G purified
Formulierung	PBS, 0.05% Sodium Azide
Application Verdünnung	WB (0.5 - 2 µg/ml)
Anwendungsbeschreibung	Suitable for use in Western Blot. Western Blot: 0.5-2 ug/ml A band of ~60kD should be detected. Positive control: Ramos, Daudi, HeLa and NIH 3T3 cells. The applications listed have been tested for the unconjugated form of this product. Other forms have n
