| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                               |
| Produktbeschreibung      | This product includes lyophilized lysate of HEK293T cells that have been transiently-transfected with Human Dehydrodolichyl Diphosphate Synthase(DHDDS) (NM_024887) and is intended for use as a Western blot positive control. Cells were lysed using Modi... |
