| Kategorie                | Antikörper                                                                                                                                                                                                                                            |
| Applikation              | WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                 |
| Immunogen                | A synthetic peptide corresponding to a sequence at the N-terminus of human TGFB2 (96-128aa TLETVCHDPKLPYHDFILEDAAAPKCIMKEKKK), different from the related mouse sequence by five amino acids, and from the related rat sequence by eight amino acids. |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                          |
| Produktbeschreibung      | TGF beta Receptor II/TGFB2 Antibody...                                                                                                                                                                                                                |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                            |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                             |

|                        |                                                                                                                                                                                                                                     |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | 64568 MW                                                                                                                                                                                                                            |
| UniProt                | <a href="#">P37173</a>                                                                                                                                                                                                              |
| Formulierung           | Lyophilized                                                                                                                                                                                                                         |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human                                                                                                                                                                                                   |
| Anwendungsbeschreibung | Tested Species: In-house tested species with positive results. Other applications have not been tested. Optimal dilutions should be determined by end users. . Add 0.2ml of distilled water will yield a concentration of 500ug/ml. |
