## Product Datasheet

### THY1 antibody, Clone: [F15-42-1], Unconjugated, Mouse, Monoclonal BYT-ORB388713

|                          |                                                                   |
|--------------------------|-------------------------------------------------------------------|
| Artikelname              | THY1 antibody, Clone: [F15-42-1], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | BYT-ORB388713                                                     |
| Hersteller Artikelnummer | orb388713                                                         |
| Alternativnummer         | BYT-ORB388713-100,BYT-ORB388713-20                                |
| Hersteller               | Biorbyt                                                           |
| Wirt                     | Mouse                                                             |
| Kategorie                | Antikörper                                                        |
| Applikation              | FC, Functional Studies, IF                                        |
| Spezies Reaktivität      | Human, Monkey                                                     |
| Immunogen                | Purified human brain Thy1                                         |
| Konjugation              | Unconjugated                                                      |
| Produktbeschreibung      | Mouse monoclonal antibody to THY1...                              |
| Klonalität               | Monoclonal                                                        |
| Konzentration            | Purified Ab with BSA and Azide at 200ug/ml                        |
| Klon-Bezeichnung         | [F15-42-1]                                                        |
| Molekulargewicht         | 18-35kDa                                                          |
| UniProt                  | <a href="#">P04216</a>                                            |

|                        |                                                                                                                                                                                        |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 200ug/ml of Ab Purified from Bioreactor Concentrate by Protein A/G.<br>Prepared in 10mM PBS with 0.05% rAlbumin & 0.05% azide.<br>Also available WITHOUT rAlbumin & azide at 1.0mg/ml. |
| Target-Kategorie       | THY1                                                                                                                                                                                   |
| Application Verdünnung | FACS: 0.5-1 µg/million cells, IF/ICC: 0.5-1 µg/ml                                                                                                                                      |
| Anwendungsbeschreibung | CD90 / Thy1 (Stromal / Mesenchymal Marker)                                                                                                                                             |
