## Product Datasheet

### **TYMS antibody, Clone: [TS106], Unconjugated, Mouse, Monoclonal BYT-ORB388753**

|                          |                                                                |
|--------------------------|----------------------------------------------------------------|
| Artikelname              | TYMS antibody, Clone: [TS106], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | BYT-ORB388753                                                  |
| Hersteller Artikelnummer | orb388753                                                      |
| Alternativnummer         | BYT-ORB388753-100,BYT-ORB388753-20                             |
| Hersteller               | Biorbyt                                                        |
| Wirt                     | Mouse                                                          |
| Kategorie                | Antikörper                                                     |
| Applikation              | FC, IF, IHC-P                                                  |
| Spezies Reaktivität      | Human                                                          |
| Immunogen                | Recombinant full-length human TYMS protein.                    |
| Konjugation              | Unconjugated                                                   |
| Produktbeschreibung      | Mouse monoclonal antibody to TYMS...                           |
| Klonalität               | Monoclonal                                                     |
| Konzentration            | Purified Ab with BSA and Azide at 200ug/ml                     |
| Klon-Bezeichnung         | [TS106]                                                        |
| Molekulargewicht         | 36kDa                                                          |
| UniProt                  | <a href="#">P04818</a>                                         |

|                        |                                                                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 200ug/ml of Ab purified from Bioreactor Concentrate by Protein A/G.<br>Prepared in 10mM PBS with 0.05% rAlbumin & 0.05% azide.<br>Also available WITHOUT rAlbumin at 1.0mg/ml. |
| Target-Kategorie       | TYMS                                                                                                                                                                           |
| Application Verdünnung | FACS: 0.5-1 µg/million cells, IF/ICC: 0.5-1 µg/ml, IHC-P: 1-2 µg/ml                                                                                                            |
| Anwendungsbeschreibung | Thymidylate Synthase (5-FU Resistance Marker)                                                                                                                                  |
