### INSM2 Blocking peptide BYT-ORB1442143

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | INSM2 Blocking peptide                                                                                                               |
| Artikelnummer            | BYT-ORB1442143                                                                                                                       |
| Hersteller Artikelnummer | orb1442143                                                                                                                           |
| Alternativnummer         | BYT-ORB1442143-500                                                                                                                   |
| Hersteller               | Biorbyt                                                                                                                              |
| Kategorie                | Proteine/Peptide                                                                                                                     |
| Produktbeschreibung      | INSM2 Blocking peptide...                                                                                                            |
| NCBI                     | <a href="#">84684</a>                                                                                                                |
| UniProt                  | <a href="#">Q96T92</a>                                                                                                               |
| Puffer                   | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed. |
| Formulierung             | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed. |
| Sequenz                  | The synthetic peptide sequence is selected from aa 192-207 of HUMAN INSM2                                                            |
| Target-Kategorie         | INSM2                                                                                                                                |
| Anwendungsbeschreibung   | Synthetic peptide                                                                                                                    |
