| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                            |
| Produktbeschreibung      | MAPK13 Antibody Blocking peptide...                                                                                                                                                                                                         |
| NCBI                     | <a href="#">5603</a>                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">O15264</a>                                                                                                                                                                                                                      |
| Puffer                   | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.                                                                                                        |
| Formulierung             | Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.                                                                                                        |
| Sequenz                  | The synthetic peptide sequence used to generate the antibody was selected from the Center region of human MAPK13 . A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay. |
| Target-Kategorie         | MAPK13                                                                                                                                                                                                                                      |
| Anwendungsbeschreibung   | Synthetic peptide                                                                                                                                                                                                                           |
