## Product Datasheet

### **SARS-CoV-2 (COVID-19) nsp11 antibody [HL2388], Unconjugated, Rabbit, Monoclonal GTX638597**

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | SARS-CoV-2 (COVID-19) nsp11 antibody [HL2388], Unconjugated, Rabbit, Monoclonal |
| Artikelnummer            | GTX638597                                                                       |
| Hersteller Artikelnummer | GTX638597                                                                       |
| Alternativnummer         | GTX638597-100, GTX638597-25                                                     |
| Hersteller               | GeneTex                                                                         |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ICC, WB                                                                         |
| Spezies Reaktivität      | Virus                                                                           |
| Immunogen                | Full length of SARS-CoV-2 (COVID-19) nsp11 protein.                             |
| Konjugation              | Unconjugated                                                                    |
| Klonalität               | Monoclonal                                                                      |
| Konzentration            | 1 mg/ml (Please refer to the vial label for the specific concentration.)        |
| Klon-Bezeichnung         | [HL2388]                                                                        |
| Puffer                   | PBS, no preservative.                                                           |
| Formulierung             | Liquid                                                                          |

|                        |                                                                                                                                   |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | ICC/IF: 1:100-1:1000. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
