| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, IHC                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Synthetic peptide 507-525 (RERRSSYLPTPHRAYAEKR, cytoplasmic C-terminus) of rat Kv1.6 (accession number P17659)                                                                                                                                                |
| Konjugation              | FL550                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Our Anti-Kv1.6 K+ channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone K19/36. It detects human, mouse, and rat Kv1.6 K+ channel, and is purified by Protein A chromatography. It is great for use in IHC, IC... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                     |

|                  |                                      |
|------------------|--------------------------------------|
| Klon-Bezeichnung | [K19/36]                             |
| Molekulargewicht | 60 kDa                               |
| Isotyp           | IgG3                                 |
| UniProt          | <a href="#">P17659</a>               |
| Puffer           | PBS with 0.09% azide                 |
| Reinheit         | Purified by Protein A chromatography |
| Formulierung     | Purified by Protein A chromatography |
| Target-Kategorie | Kv1.6 K <sup>+</sup> channel         |
| Antibody Type    | Primary Antibody                     |
