| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC-P                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human COL2A1 protein was used as the immunogen for the COL2A1 antibody.                                                                                                                                                               |
| Produktbeschreibung      | The extensive family of COL gene products (collagens) is composed of several chain types, including fibril-forming interstitial collagens (types I, II, III and V) and basement membrane collagens (type IV), each type containing multiple isoforms. Coll... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [COL2A1/8882R]                                                                                                                                                                                                                                                |
| UniProt                  | <a href="#">P02458</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                                 |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                       |
| Antibody Type          | Primary Antibody                                                                                     |
| Application Verdünnung | ELISA (Order BSA-free format for coating),Immunohistochemistry (FFPE): 1-2ug/ml for 30 minutes at RT |
| Anwendungsbeschreibung | Optimal dilution of the COL2A1 antibody should be determined by the researcher.                      |
