## Product Datasheet

### **InVivoMAb anti-Influenza A virus NP, IgG2a, Clone: [H16-L10-4R5 HB-65], Mouse, Monoclonal BXC-BE0159-50MG**

|                          |                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------|
| Artikelname              | InVivoMAb anti-Influenza A virus NP, IgG2a, Clone: [H16-L10-4R5 HB-65], Mouse, Monoclonal  |
| Artikelnummer            | BXC-BE0159-50MG                                                                            |
| Hersteller Artikelnummer | BE0159-50MG                                                                                |
| Alternativnummer         | BXC-BE0159-50MG                                                                            |
| Hersteller               | Bio X Cell                                                                                 |
| Wirt                     | Mouse                                                                                      |
| Kategorie                | Antikörper                                                                                 |
| Spezies Reaktivität      | Virus                                                                                      |
| Immunogen                | Mediastinal lymphocytes from BALB/c mice infected with influenza A virus                   |
| Klonalität               | Monoclonal                                                                                 |
| Konzentration            | Lot specific, typically between 4-11 mg/ml                                                 |
| Klon-Bezeichnung         | [H16-L10-4R5 HB-65]                                                                        |
| Molekulargewicht         | 150 kDa                                                                                    |
| Isotyp                   | IgG2a                                                                                      |
| Pubmed                   | <a href="https://pubmed.ncbi.nlm.nih.gov/32881973" target="_blank" rel="nofollow">32881973 |

|                        |                                                                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | Influenza A NP                                                                                                                                 |
| Anwendungsbeschreibung | Immunoprecipitation, Immunohistochemistry (paraffin), in vivo induction of passive immunity to influenza A virus, Western blot, Flow cytometry |
