| Hersteller               | Biorbyt                                                                                                                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant partial protein sequence (within amino acids 1-100) from the human protein was used as the immunogen for the E2F4 antibody.                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | The human retinoblastoma gene product appears to play an important role in the negative regulation of cell proliferation. Functional inactivation of Rb can be mediated either through mutation or as a consequence of interaction with DNA tumor virus-en... |
| Klonalität               | Recombinant                                                                                                                                                                                                                                                   |
| Klon-Bezeichnung         | [E2F4/8811R]                                                                                                                                                                                                                                                  |

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| UniProt                | <a href="#">Q16254</a>                                     |
| Formel                 | 1 mg/ml in 1X PBS, BSA free, sodium azide free             |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 minutes at RT |
