| Alternativnummer         | BYT-ORB1238307-0.02,BYT-ORB1238307-0.1                                                                                                                                                               |
| Hersteller               | Biorbyt                                                                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                                           |
| Applikation              | ELISA, ICC, WB                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                         |
| Immunogen                | NAK antibody was raised against a synthetic peptide corresponding to 17 amino acids form near the carboxy terminus of human NAK/TBK1.The immunogen is located within the last 50 amino acids of NAK. |
| Konjugation              | Unconjugated                                                                                                                                                                                         |
| Produktbeschreibung      | TBK1 Antibody...                                                                                                                                                                                     |
| Klonalität               | Polyclonal                                                                                                                                                                                           |
| Konzentration            | 1 mg/ml                                                                                                                                                                                              |
| Molekulargewicht         | 84 kDa                                                                                                                                                                                               |
| NCBI                     | <a href="#">037386</a>                                                                                                                                                                               |

|                        |                                                                                                                                                                                                                                                                |

| UniProt                | <a href="#">Q9UHD2</a>                                                                                                                                                                                                                                         |
| Puffer                 | NAK Antibody is supplied in PBS containing 0.02% sodium azide.                                                                                                                                                                                                 |
| Formulierung           | Liquid                                                                                                                                                                                                                                                         |
| Target-Kategorie       | TBK1                                                                                                                                                                                                                                                           |
| Application Verdünnung | NAK antibody can be used for detection of NAK/TBK1 by Western blot. An 84 kDa band should be detected. Antibody can also be used for immunocytochemistry starting at 10 µg/mL. Antibody validated: Immunocytochemistry in human samples. All other application |
