| Hersteller Artikelnummer | MON23710                                                                                                                                                                                                 |
| Alternativnummer         | MON23710                                                                                                                                                                                                 |
| Hersteller               | Monosan                                                                                                                                                                                                  |
| Wirt                     | Mouse                                                                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                                                               |
| Applikation              | FC, ICC, IF, IHC, WB                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                    |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human GAA, different from the related mouse sequence by eight amino acids, and from the related rat sequence by six amino acids. |
| Klonalität               | Monoclonal                                                                                                                                                                                               |
| Konzentration            | Adding 0.2 ml of distilled water =f 500 µg/ml.                                                                                                                                                           |
| Klon-Bezeichnung         | [2G7]                                                                                                                                                                                                    |
| Isotyp                   | IgG2b                                                                                                                                                                                                    |

|              |                                                                           |
|--------------|---------------------------------------------------------------------------|
| Puffer       | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na2HPO4, 0.05mg NaN3. |
| Formulierung | Lyophilized                                                               |
