| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment of human KLK5 protein (around aa 1-200) (exact sequence is proprietary)                                                                                                                                                                  |
| Produktbeschreibung      | Kallikreins (KLKs) belong to the serine protease family of proteolytic enzymes. Human pancreatic/renal KLK encodes for the KLK1 enzyme, which is involved in post-translational processing of polypeptide precursors. The function of the other members of... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [KLK5/4759]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 33kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                              |
