| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment raised against intracellular epitope of human ICAM1 (exact sequence is proprietary)                                                                                                                                                      |
| Produktbeschreibung      | Recognizes an 85-115kDa protein (variation with cell type), identified as intercellular adhesion molecule (ICAM-1). It has 7 potential N-linked glycosylation sites. ICAM-1 is a single chain glycoprotein of Ig supergene family, present on unstimulated... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ICAM1/8247R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 85-115kDa                                                                                                                                                                                                                                                     |

|              |                                                                                                                                                                        |
