| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human MTAP protein fragment (aa97-196) (exact sequence is proprietary)                                                                                                                                                                            |
| Produktbeschreibung      | Recognizes a protein of 31kDa, which is identified as MTAP (5-deoxy-5-methylthioadenosine phosphorylase). It catalyzes the reversible phosphorolysis of methylthioadenosine, which is important in polyamine metabolism and for the salvage of adenine and... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [rMTAP/1813]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 31kDa                                                                                                                                                                                                                                                         |
