| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Guinea pig, Hamster, Human, Mouse, Rat                                                                                                                                                                                                                        |
| Immunogen                | Recombinant fragment (around aa250-450) of human NTRK2 protein (exact sequence is proprietary)                                                                                                                                                                |
| Produktbeschreibung      | The Trk proto-oncogene encodes a tyrosine protein kinase, Trk A, also designated Trk gp140, that serves as a receptor for certain neurotrophic factors including nerve growth factor (NGF) and neurotrophin-3 (NT-3). Trk B is a tyrosine kinase gene high... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [NTRK2/7926]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 95-145kDa                                                                                                                                                                                                                                                     |

|              |                                                                                                                                                                        |
