| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Human recombinant MCP2 / CCL8 protein fragment (around aa24-98) (exact sequence is proprietary)                                                                                                                                                               |
| Produktbeschreibung      | This antimicrobial gene is one of several chemokine genes clustered on the q-arm of chromosome 17. Chemokines form a superfamily of secreted proteins involved in immunoregulatory and inflammatory processes. The superfamily is divided into four subfam... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CCL8/3312]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 11kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                              |
