| Hersteller Artikelnummer | 7450-RBM17-P1                                                                                                                                                                                                                                                 |
| Alternativnummer         | NBT-7450-RBM17-P1-100                                                                                                                                                                                                                                         |
| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa 1150-1250) of human vWF protein (exact sequence is proprietary)                                                                                                                                                               |
| Produktbeschreibung      | Human von Willebrand factor (VWFor factor VIII-related antigen) is a 309 kDa multimeric plasma glycoprotein, important in the maintenance of hemostasis, it promotes adhesion of platelets to the sites of vascular injury by forming a molecular bridge b... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [VWF/4384R]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 250kDa                                                                                                                                                                                                                                                        |

|              |                                                                                                                                                                        |
