| Hersteller               | Bioss                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC-Fr, IHC-P                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Immunogen                | 21-116/116                                                                                                                                                                                                                                                    |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | The protein encoded by this gene is thought to be part of a complex involved in the ATP-dependent transport of transit peptide-containing proteins from the inner cell membrane to the mitochondrial matrix. Defects in this gene are a cause of 3-methylg... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1ug/ul                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">131118</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol. |
| Quelle                 | KLH conjugated synthetic peptide derived from human DNAJC19                                             |
| Reinheit               | Purified by Protein A.                                                                                  |
| Target-Kategorie       | DNAJC19                                                                                                 |
| Application Verdünnung | ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500)                                                   |
