| Artikelname              | AIRE Antibody, Unconjugated, Rabbit, Polyclonal                                                       |
| Artikelnummer            | PRS-27-660                                                                                            |
| Hersteller Artikelnummer | 27-660                                                                                                |
| Alternativnummer         | PRS-27-660-100                                                                                        |
| Hersteller               | ProSci                                                                                                |
| Wirt                     | Rabbit                                                                                                |
| Kategorie                | Antikörper                                                                                            |
| Applikation              | ELISA, WB                                                                                             |
| Spezies Reaktivität      | Human                                                                                                 |
| Immunogen                | Antibody produced in rabbits immunized with a synthetic peptide corresponding a region of human AIRE. |
| Konjugation              | Unconjugated                                                                                          |
| Klonalität               | Polyclonal                                                                                            |
| Konzentration            | batch dependent                                                                                       |
| Molekulargewicht         | 58 kDa                                                                                                |
| NCBI                     | <a href="#">326</a>                                                                                   |
| UniProt                  | <a href="#">O43918</a>                                                                                |
| Puffer                   | Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.             |

|                        |                                                                                                                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                         |
| Application Verdünnung | Optimal dilutions for each application to be determined by the researcher.                                                                                                                                                     |
| Anwendungsbeschreibung | AIRE antibody can be used for detection of AIRE by ELISA at 1:1562500. AIRE antibody can be used for detection of AIRE by western blot at 5 µg/mL, and HRP conjugated secondary antibody should be diluted 1:50,000 - 100,000. |
