## Product Datasheet

### Dopamine Transporter Antibody, Unconjugated, Rabbit, Polyclonal PRS-50-205

|                          |                                                                                                                                        |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Dopamine Transporter Antibody, Unconjugated, Rabbit, Polyclonal                                                                        |
| Artikelnummer            | PRS-50-205                                                                                                                             |
| Hersteller Artikelnummer | 50-205                                                                                                                                 |
| Alternativnummer         | PRS-50-205-0.1                                                                                                                         |
| Hersteller               | ProSci                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                             |
| Applikation              | IHC, WB                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                  |
| Immunogen                | Peptide from the extracellular loop 2 (EL2) region of human dopamine transporter (DAT), conjugated to keyhole limpet hemocyanin (KLH). |
| Konjugation              | Unconjugated                                                                                                                           |
| Klonalität               | Polyclonal                                                                                                                             |
| Konzentration            | batch dependent                                                                                                                        |
| Molekulargewicht         | 88                                                                                                                                     |
| NCBI                     | <a href="#">6531</a>                                                                                                                   |
| UniProt                  | <a href="#">Q01959</a>                                                                                                                 |
| Formulierung             | Liquid                                                                                                                                 |

|                        |                                                                                                                                                                          |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | Optimal dilutions for each application to be determined by the researcher.                                                                                               |
| Anwendungsbeschreibung | The antibody has been tested in Western blots of SDS-solubilized human striatal samples and in IHC applications with formaldehyde-fixed human and monkey brain sections. |
