| Artikelnummer            | PRS-XP-5201BT                                                                                        |
| Hersteller Artikelnummer | XP-5201Bt                                                                                            |
| Alternativnummer         | PRS-XP-5201BT-0.05                                                                                   |
| Hersteller               | ProSci                                                                                               |
| Wirt                     | Rabbit                                                                                               |
| Kategorie                | Antikörper                                                                                           |
| Applikation              | ELISA, WB                                                                                            |
| Spezies Reaktivität      | Mouse                                                                                                |
| Immunogen                | Produced from sera of rabbits pre-immunized with highly pure (>98%) recombinant mIL-9 (murine IL-9). |
| Konjugation              | Biotin                                                                                               |
| Klonalität               | Polyclonal                                                                                           |
| Konzentration            | batch dependent                                                                                      |
| NCBI                     | <a href="#">16198</a>                                                                                |
| UniProt                  | <a href="#">P15247</a>                                                                               |
| Formulierung             | Lyophilized                                                                                          |
| Application Verdünnung   | Centrifuge vial prior to opening.                                                                    |

|                        |                                                                                                                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | ELISA:Sandwich:To detect mIL-9 by sandwich ELISA (using 100 µL/well antibody solution) a concentration of 0.25 - 1.0 µg/mL of this antibody is required. This biotinylated polyclonal antibody, in conjunction with our Polyclonal Anti-Murine IL-9 (X |
