| Produktbeschreibung      | Simian Vascular Cell Adhesion Molecule 1 (VCAM1) ELISA Kit for detecting VCAM1 in serum, plasma, tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Simian. Detection Range: 3.9-250ng/ml. Sensitivit... |
| Detektionsbereich        | 3.9-250ng/ml                                                                                                                                                                                                                                                  |
| Sensitivitaet            | 1.5ng/ml                                                                                                                                                                                                                                                      |
| Formulierung             | 96-Well Plate                                                                                                                                                                                                                                                 |
| Proben                   | Serum, Plasma, Tissue Homogenates, Cell Lysates, Cell Culture Supernates, Other Biological Fluids                                                                                                                                                             |
| Target-Kategorie         | Vascular Cell Adhesion Molecule 1 (VCAM1)                                                                                                                                                                                                                     |
