| Spezies Reaktivität      | Rabbit                                                                                                                                                                                                                                                                 |
| Produktbeschreibung      | Rabbit Connective Tissue Growth Factor (CTGF) CLIA Kit for detecting CTGF in serum, plasma, other biological fluids. Species Reactivity: Rabbit ( <i>Oryctolagus cuniculus</i> ). Detection Range: 4.12-3,000pg/ml. Sensitivity: 1.85pg/ml. Format: 96-Well Plate. ... |
| Detektionsbereich        | 4.12-3,000pg/ml                                                                                                                                                                                                                                                        |
| Sensitivitaet            | 1.85pg/ml                                                                                                                                                                                                                                                              |
| Formulierung             | 96-Well Plate                                                                                                                                                                                                                                                          |
| Proben                   | Serum, Plasma, Other Biological Fluids                                                                                                                                                                                                                                 |
| Target-Kategorie         | Connective Tissue Growth Factor (CTGF)                                                                                                                                                                                                                                 |
