| Produktbeschreibung      | Recombinant Human Trefoil factor 3 (TFF3), partial is a purified Recombinant Protein. Purity: >90% as determined by SDS-PAGE. Host: Yeast. Endotoxin Level: Not Tested. Species: Human (Homo sapiens). Target Name: TFF3. Target Synonyms: Intestinal tref... |
| Molekulargewicht         | 7.5kDa                                                                                                                                                                                                                                                        |
| Tag                      | N-Terminal 6Xhis-Tagged                                                                                                                                                                                                                                       |
| Puffer                   | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0.                            |
| Reinheit                 | >90% by SDS-PAGE                                                                                                                                                                                                                                              |
