| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                           |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Rat Natriuretic Peptide Precursor A (NPPA) is a purified Prokaryotic Protein. Purity: >95% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Rat (Rattus norvegicus). Target Name: Natriuretic Peptide ... |
| Molekulargewicht         | 44kDa                                                                                                                                                                                                                                                         |
| Tag                      | N-Terminal His and GST Tag                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">24602</a>                                                                                                                                                                                                                                         |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose.                                                                                                                                                                                                               |

|                   |                                        |
