| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | Control, SDS-PAGE, WB                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Human Cell Death Inducing DFFA Like Effector A (CIDEA) is a purified Prokaryotic Protein. Purity: >95% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Human (Homo sapiens). Target Name: Cell Death ... |
| Molekulargewicht         | 54.7kDa                                                                                                                                                                                                                                                       |
| Tag                      | N-Terminal His and GST Tag                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">1149</a>                                                                                                                                                                                                                                          |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose.                                                                                                                                                                                                               |

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Expression System | Prokaryotic Expression                           |
| Reinheit          | >95% by SDS-PAGE                                 |
| Formulierung      | Freeze-dried powder                              |
| Target-Kategorie  | Cell Death Inducing DFFA Like Effector A (CIDEA) |
