| Wirt                     | E. coli                                                                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | Control, SDS-PAGE, WB                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Goat                                                                                                                                                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Accession Number: W6CJ39. Activity: Not Tested. Endotoxin Level: <1.0EU/ug, by the LAL method. Expiration: Stable for 12 months if correctly stored. Expression Region: Thr27~Ser161. Isoelectric Point: 5. Protein Type: Prokaryotic Protein. Quality Gua... |
| Molekulargewicht         | 26/21/18kDa                                                                                                                                                                                                                                                   |
| Tag                      | N-Terminal His Tag                                                                                                                                                                                                                                            |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose.                                                                                                                                                                                                               |
| Expression System        | Prokaryotic Expression                                                                                                                                                                                                                                        |
| Reinheit                 | >90% by SDS-PAGE                                                                                                                                                                                                                                              |

|                  |                       |
|------------------|-----------------------|
| Formulierung     | Freeze-dried powder   |
| Target-Kategorie | Interleukin 15 (IL15) |
