| Hersteller               | ABclonal                                                                                                                                                                     |
| Wirt                     | Rabbit                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                        |
| Immunogen                | Recombinant protein (or fragment). This information is considered to be commercially sensitive.                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                 |
| Produktbeschreibung      | Enables RNA binding activity. Predicted to be involved in maturation of SSU-rRNA from tricistronic rRNA transcript (SSU-rRNA, 5.8S rRNA, LSU-rRNA). Located in nucleolus.... |
| Klonalität               | Polyclonal                                                                                                                                                                   |
| Molekulargewicht         | 80kDa                                                                                                                                                                        |
| NCBI                     | <a href="#">79954</a>                                                                                                                                                        |

|                        |                                                                                                                                                     |

| Target-Kategorie       | NOL10                                                                                                                                               |
| Antibody Type          | Primary Antibody                                                                                                                                    |
| Application Verdünnung | WB,1:500 - 1:2000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse. ResearchArea: Epigenetics Nuclear Signaling,RNA Binding. Shipping: Ice Bag                                           |
