| Hersteller               | ABclonal                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                  |
| Applikation              | ELISA, WB                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human                                                                                                                                                                                                       |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive.                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                |
| Produktbeschreibung      | The protein encoded by this gene is one of three related synaptic vesicle proteins. The encoded protein may interact with synaptotagmin to enhance low frequency neurotransmission in quiescent neurons.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                  |
| Molekulargewicht         | 83kDa                                                                                                                                                                                                       |
| NCBI                     | <a href="#">9900</a>                                                                                                                                                                                        |

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|

| Reinheit               | Affinity purification                                                                                                                               |
| Sequenz                | ESPRFFLENGKHDEAWMVLKQVHDTNMRAKGHPERVFSVTHIKTIHQEDELIE<br>IQSDTGTWYQRWGVRAISLGGQVWGNFLSCFGPEYRRIT                                                    |
| Target-Kategorie       | SV2A                                                                                                                                                |
| Antibody Type          | Primary Antibody                                                                                                                                    |
| Application Verdünnung | WB,1:500 - 1:2000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Mouse,Rat. ResearchArea: Neuroscience, Cell Type Marker,Calcium Signaling,Neuron marker,Synapse marker. Shipping: Ice Bag         |
