| Applikation              | ELISA, WB                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | Recombinant protein (or fragment). This information is considered to be commercially sensitive.                                                                                                                                                                |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                   |
| Produktbeschreibung      | The protein encoded by this gene is an interleukin 3 specific subunit of a heterodimeric cytokine receptor. The receptor is comprised of a ligand specific alpha subunit and a signal transducing beta subunit shared by the receptors for interleukin 3 (...) |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 43kDa                                                                                                                                                                                                                                                          |
