| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                    |
| Immunogen                | Serum, plasma, cell culture supernatant, and other biological fluids.                                                                                                                                                                                  |
| Konjugation              | Biotin                                                                                                                                                                                                                                                 |
| Produktbeschreibung      | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in serum, Plasma , Urine ,tissue homogenates and Cell culture supernates and Other biological fluids... |
| Konzentration            | 3.9 pg/mL                                                                                                                                                                                                                                              |
| Molekulargewicht         | 4 hours                                                                                                                                                                                                                                                |
| Detektionsbereich        | 7.8-500 pg/mL                                                                                                                                                                                                                                          |
| Sensitivitaet            | 3.9 pg/mL                                                                                                                                                                                                                                              |
| NCBI                     | <a href="#">29560</a>                                                                                                                                                                                                                                  |

|                        |                                            |
|------------------------|--------------------------------------------|
| UniProt                | <a href="#">O35800</a>                     |
| Proben                 | Serum, plasma and cell culture supernates. |
| Anwendungsbeschreibung | Cross-Reactivity: 7.81-500 pg/mL           |
