| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa941-1074) of human ITGAM protein (exact sequence is proprietary)                                                                                                                                                               |
| Konjugation              | CF405S                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | CD11b is a cell adhesion molecule that acts as a receptor for cell surface ligands such as intracellular adhesion molecules (ICAMs) or soluble ligands. Integrins are heterodimeric proteins that contain an a chain and b chain. Integrin M2 is important... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [ITGAM/3339]               |
| Molekulargewicht | 95 kDa & 170 kDa           |
| UniProt          | <a href="#">P11215</a>     |
| Puffer           | PBS, 0.1% BSA, 0.05% azide |
| Quelle           | Animal                     |
