| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | Recombinant human Filaggrin protein fragment (around aa 998-1104) (exact sequence is proprietary)                                                                                                                                                              |
| Konjugation              | CF640R                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Filaggrin is an intermediate filament-associated protein that aggregates keratin intermediate filaments in mammalian epidermis. It is initially synthesized as a polypeptide precursor, profilaggrin (consisting of multiple filaggrin units of 324 aa each... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                      |

|                  |                                               |
|------------------|-----------------------------------------------|
| Klon-Bezeichnung | [FLG/1945]                                    |
| Molekulargewicht | 26-45 kDa (Processed), 350 kDa (Profilaggrin) |
| UniProt          | <a href="#">P20930</a>                        |
| Puffer           | PBS, 0.1% BSA, 0.05% azide                    |
